

Technology Specifications

These specifications and editions are to be considered the **minimum** requirements.

Hardware (for laptops):

- I5 processor or better
- 8 Gig of RAM or better
- 128 Gig hard drive or better
- Internal Wireless
- Multiple USB ports
- **Touch screen recommended**
- Note: “Tablet computers” such Microsoft Surface Pro and Lenovo Yoga are also acceptable.

Software:

- Windows 8.1 or newer (not Windows RT)
- Office 2013 Home and Student
- Antivirus Software (such as Windows Defender, included in Windows 8.1)

Other:

- Flash Drive
- Head Phones
- Wireless Mouse (recommended K-5)
- External CD Drive and additional software programs may be necessary for some programs.

Note:

For all students, as of fall 2013, Eaton Academy is a PC/Windows based community (Windows VM not supported). On another point, please be aware that devices such as the tablet computers and touch screen laptops mentioned above may be more useful to your child than a traditional “Mouse Laptop.”

Apple products (including iPads) should not be purchased by families for use in the classroom.
