

# LEAP INTO SUMMER

LEAP Into Summer with Eaton Academy's LEAP Program! High school students and young adults with special needs will have the opportunity to build work experience with business partners like REI, Longhorn Steakhouse, and Canine Assistance. They'll have fun developing their culinary arts in the on-campus cooking class. Participants will be taught how to navigate MARTA. Participants also join friends in afternoon classes to learn budgeting, critical thinking, and art therapy. In addition to the general LEAP Program day, we enjoy weekly field trips to places like a Braves game, Medieval Times, and the Atlanta Zoo.
